

Physical Health Tests

All students must undergo the following tests before entering the university with their medical documents:

Download the "**Medical Examination Form**" from the website and visit the doctor at the health center and record the results of the medical examinations on the form and have it confirmed by the relevant doctor with the doctor's seal and signature. You can do this once you arrive in Iran, but the following tests must be done before your arrival:

- Hemoglobin
- Hematocrit
- Vitamin D3
- Fasting Blood Sugar
- TSH
- SGPT
- SGOT
- Alkaline Phosphatase
- Creatine
- BUN
- Triglycerides
- LDL
- HDL
- TSH, VIT.D, CBC, FBS tests
- HIV test
- Hepatitis B and C tests
- Lung scan
- PPD test

After completing the above tests, log in to the Student Affairs Organization system at <https://health.saorg.ir/TBSPortal/en/Account/Register>. Fill in your information and physical health record. After completing the information requested in this system, receive the physical health record completion output form from the site.

The image shows a screenshot of a web portal for the Student Affairs Organization. The page has a dark blue header with a logo on the right. The main content area is a light blue background. In the center, there is a login form with the following fields: "Fida Number", "Mobile Number", "BirthDate", and "Enter captch code" (with a captcha image showing "8cxF2r"). Below these fields is a "Login" button. There are two callout boxes with arrows pointing to specific parts of the form. The first callout box, on the left, says "Click on English." and has an arrow pointing to a language selector button labeled "EN". The second callout box, on the right, says "In this part, you must enter your FIDA No. To receive this code, contact us via email or go to your account in Admission System." and has an arrow pointing to the "Fida Number" input field.
